STATUS OF LEGISLATION

This booklet contains a list of all the bills that were introduced in the Nova Scotia House of Assembly during the Summer 2006 sitting of the Assembly. This sitting is the First Session of the Sixtieth General Assembly.

A Government Bill is distinguished by designating the portfolio of the Minister who introduced it. A Private Member's Bill (non-Government public bill) or Private or Local Bill is distinguished by giving the constituency of the member who introduced it.

In Nova Scotia, all Government Bills and Private Member's Bills, after receiving second reading, are referred to the Law Amendments Committee unless the House otherwise determines. The only exception to this rule is the appropriations bill which is governed by special rules of the House. All Private or Local Bills, after receiving second reading, are referred to the Committee on Private and Local Bills unless the House otherwise determines.

Where a bill has received Royal Assent, the Chapter number in the 2006 Statutes is given as well as the time of commencement.
